1x1 Availability On-Request	

EXCLUSIVITY: We offer a rare degree of exclusivity. Upon arrival you will be met at the airport and driven to the ranch. Hunting will commence the following day and continue until the final scheduled day in which you will return to the airport. In the evenings while sitting around the fire sipping your favorite drink; you will relive the day's hunt and the spirit of Africa will embrace you and give you an experience you will always treasure.

BIG FIVE HUNTS: Our hunters have successfully taken all of the Big Five. We can help customize your Big Five plans.

TIPS: Tips are always at your discretion but it's customary to tip the professional hunter 10% - 20% of the total hunt cost (package and trophy fees). They will then tip out the rest of the staff.

TERMS AND CONDITIONS: A deposit of \$2,500.00 is required on a Plains Game Hunt. An additional \$2,000 deposit is required for a Cape Buffalo hunt. Deposits are non-refundable if the hunt is cancelled. If a hunt is approved to be transferred to a different year, a \$1,000 penalty will incur. Trophy fees are due on all animals killed or wounded. Trophy fees must be paid within 30 days of departure date from Bushmen Safaris. While all reasonable precautions are taken to ensure the safety and wellness of clients, Bushmen Safaris is not liable for injury or illness during or after safari.

Night Hunts (N)	\$100/hunter
- Minimum: 2 hunters (3 hours)	
* Animals require advance permit	

2022 Price List

NON-HUNTERS--\$150/DAY | PHOTO SAFARIS AVAILABLE

SETUP FOR SUCCESS

Archery Only

As an owner-operated outfitter, Bushmen Safaris is set up for the archer. In 1986, we developed an “archery only” hunting conservancy with restricted hunting pressure to ensure greater hunting success.

Dark of the Moon

Bushman Safaris schedules our hunts around the premium “dark of the moon” cycle. Compared to hunts occurring during the full moon phase, this has shown a proven increase in the age of trophies taken providing increased hunter success.

SCI Record Book

Bushman Safaris hunters have taken 12 World Records, 63 Top 5 placings, 115 Top 10 placings, and 335 Top 25 placings, which is more than any other outfitter in the world. Bushmen’s hunters continue to take high-scoring trophies as a result of limited hunting pressure.

Non-Hunters

Bushman Safaris offers superior on-site accommodations and can also help organize once-in-a-lifetime photo and video opportunities in the amazing Kruger National Park to wine tasting in and around Cape Town to one of the world’s largest waterfalls, Victoria Falls.

Wildlife Habitat Only

All cattle, cross fencing and concrete watering were removed in 1986, allowing for a “wildlife-only” habitat. This all-natural setting assures excellent genetics and higher-quality trophies.

Return Hunter

Bushman Safaris has an 80% record for return hunters, which goes to show that our high-quality experience is worth a return visit! Our hunts produce an exceptional number of shot opportunities, high-scoring trophies, ideal habitat, optimal blinds, and a high-success rate.

BLINDS / HIDES

Our blinds have been developed to improve success. Sixteen hides both elevated and ground are located on natural watering holes. They are four-sided and complete with roofing to restrict scent and allow for hunter movement. Each blind has two openings—one for the bow-hunter and one for a video camera. Our large number of hides reduce pressure and allow hunters to enjoy a variety of hunt areas throughout their experience.

USA Staff

Bushman Safaris has a full-time management team in the United States. Each and every question or concern you may have prior to your hunt will be handled by experienced hunters. After your hunt, we will help you follow-up on shipments from South Africa, making sure that your fees and care are appropriate.

Deposits

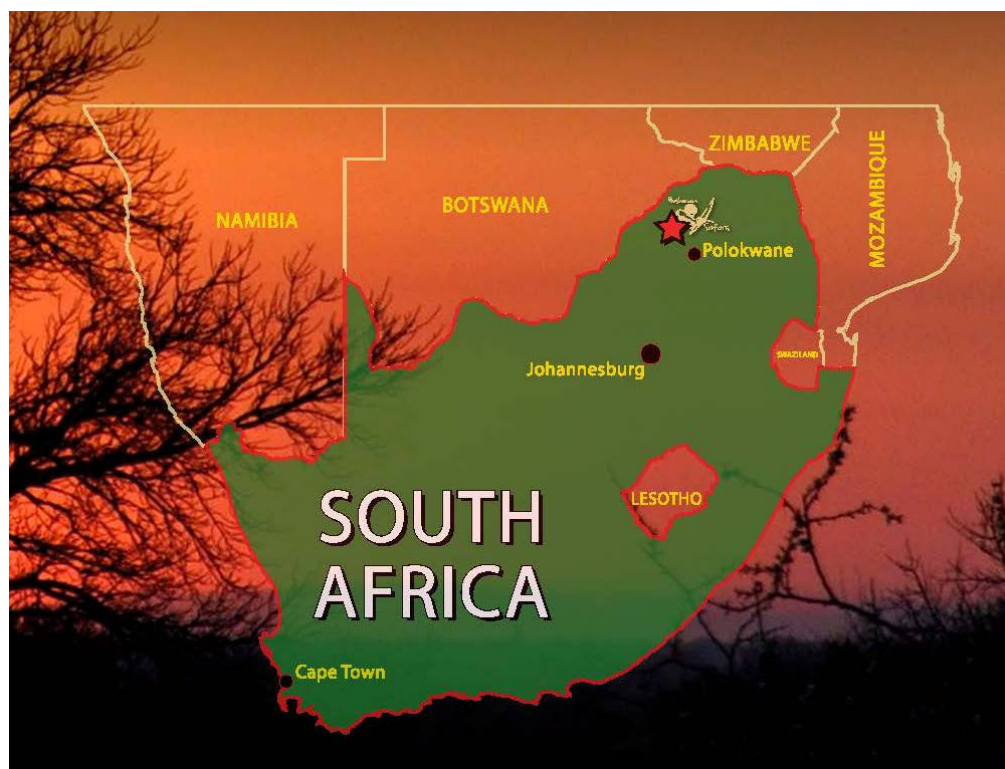

Your deposit reserves your spot in camp and then you don’t owe anything until returning from your hunt, guaranteeing that Bushmen Safaris accurately represents its hunts. Bushmen has a proven history, which allows us to provide low cost hunts without cost-cutting the quality of the hunt. Your deposits are safe with Bushmen Safaris

RANCH MAP

The animals listed above are blind names only--not an indication as to where the animals will necessarily be found. They are free to roam our 22,000 acre property as there is no cross-fencing.
